Business Report

Dear Shareholders,

Looking back at 2022, it was a challenging year for the global economy due to negative events such as the Russia-Ukraine conflict, high inflation, the Covid pandemic, and climate change. Taiwan, situated in a high-risk geopolitical region, was especially affected by the tug-of-war between the US and China over trade and politics. In the B2B market that AEB Services focuses on, many companies cut costs in response to economic uncertainty, leading to a reduction in their spending including IT expenses.

However, from another perspective, 2022 was also an opportunity. We saw in post-pandemic where digital remote work, e-learning, online entertainment, and e-commerce have become the new norm. People's lives and work are increasingly intertwined with the cloud, driving enterprises to accelerate their go-cloud process. They use emerging cloud-based technologies such as big data, AI, and machine learning to improve operational efficiency, strengthen business resilience, enhance customer service, and even re-innovate business models. The international research firm IDC predicts that the trend of cloud adoption will not stop, and the size of public cloud services in the Asia-Pacific region will grow to \$165.2 billion in three years.

The strong demand for cloud and digital transformation from both public and private sectors is also reflected in the operating performance of our company. With all-in efforts from every co-worker, AEB delivered outstanding results in terms of revenues and profitability in 2022. These achievements are listed below:

Unit: K NT\$

	Operating Income	518,066	362,314	155,752	42.99%
	Net Income	436,771	283,798	152,973	53.90%

ITEM		YEAR	
		2022	2021
Profitability	Return on Assets	9.19%	7.55%
	Return on Equity	32.79%	34.81%
	Operating Income to Equity Ratio	124.99%	99.40%
	Pre-tax Net Income to Equity Ratio	132.07%	100.47%
	Net Income Ratio	6.08%	4.57%
	Earnings per Share	11.35	7.79

In addition to business performance, AEB continues to invest resources in cloud and new technologies and has gained accreditation from top-notch global vendors. For example, AEB is the first Taiwanese partner to attain six designations of the Microsoft Cloud Partner Program (MCP)P)- Solutions Partner for Data & AI (Azure), Digital & App Innovation (Azure), Infrastructure (Azure), Business Applications, Modern Work, and Security. It is also the only Taiwanese IT service partner to secure four security expertise certifications of Advanced Specialization (ASP) from Microsoft. These continuously competence enhancement from technologies and talent cultivation have become a solid foundation for winning long-term customer trust. In addition, cloud and platform solutions implemented by AEB for public agency in pursuit of digital transformation have received global recognition in 2022, such as the " Taiwan i-Registration Platform of Cultural Events " built for the Ministry of Culture won the first prize of the Global ICT Excellence Awards accredited by World Information Technology and Services Alliance (WITSA), which AEB has won for three consecutive years. Furthermore, the "Smart Manufacturing, Data Management and Service Platform " project built for AU Optronics also won the " Best in Future of Intelligence" of IDC Future Enterprise Awards, once again demonstrating the technology and service capabilities of AEB.

Looking ahead to 2023, there are still many uncertain factors, such as inflation, ongoing conflict between Russia and Ukraine, repeated epidemics, and escalating geopolitical risks, making the global economic outlook remain in maze. However, we believe that the trend of companies adopting digital technologies such as cloud, AI, big data ML, etc. to strengthen business resilience will not change. Especially so in Taiwan market as the imminent establishment of local data centers from major global Public Cloud Service Providers. These local data centers allow start-ups, SMEs, large enterprises or government to consider more flexible and cloud-based IT environments when architecting or upgrading their systems, worry free of legal requirement for data localization. AEB commits to positioning as "Digital Enterprise Enabler" where we will continue to bring best global practices and solution to Taiwan and help Enterprises achieving digital transformation. We will continue to expand our core competence of C3A+P: Cloud Service, AIoT, Application, Appliance, and Platform

as a Service and stay focus on three major strategies: 1. continue to act as reliable partner of customer's Cloud Managed Service Provider and increase the service offerings such as security as a service and hybrid cloud service to meet customers' growing needs on those fronts; 2. include data storage/backup and disaster recovery services into our service portfolio to provide customers with comprehensive, last-mile security solution on their valuable digital asset; 3. provide data-centered, value-driven technology solution to empower customers to stay ahead of their competition. In addition to cloud data management platform where we already have successful business cases in different domain, AEB will also develop our asset into the ESG front, especially in the aspect of supply-chain management to help customers enhance their overall resilience. To look into longer run, we will also in 2023 start our regional expansion to where customers already have or plan to established operations, to extend and localize our IT services.

Looking ahead, we strongly believe the go-cloud trend will continue, and we are committed to provide customers with professional, comprehensive and best-in-class cloud services. We thank you for support and trust and wish you and your family a wonderful journey ahead.

Independent Auditors' Report

To the Board of Directors
Acer E-Enabling Service Business Inc.:

Opinion

We have audited the consolidated financial statements of Acer E-Enabling Service Business Inc., which comprise the balance sheets as of December 31, 2022 and 2021, the statements of comprehensive income (loss), changes in equity and cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards (“IFRSs”), International Accounting Standards (“IASs”), Interpretations developed by the International Financial Reporting Interpretations Committee (“IFRIC”) or the former Standing Interpretations Committee (“SIC”) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China..

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the financial statements for the year ended December 31, 2022 are stated as follows:

1. Revenue recognition

Refer to Note 4(m) for accounting policy on revenue recognition and Note 5 for uncertainty of accounting estimations and assumptions for revenue recognition.

Description of key audit matter:

The Company recognizes revenue when control of the products has been transferred to the customers depending on the various trade terms agreed with customers in each individual sale transaction. The timing of revenue recognition is individually determined when the performance obligation has been satisfied based on each term with the customer. Consequently, the revenue recognition has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matters above, we have performed certain audit procedures including, among others, testing the design and operating effectiveness of the Company's internal controls over the timing of revenue recognition; assessing whether revenue is recognized based on the trade terms with customers through reviewing the related sales contracts or other trade documents and the accuracy of the timing of revenue recognition and the performance obligation satisfied to customers; performing a sample test of sales transactions taking place before and after the balance sheet date to ensure that revenue was recognized in the appropriate period.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including members of the Audit Committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or aggregated, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the investee companies accounted for using equity method to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Steven Shih and Lilian Kao.
